CERTIFICATES

Recording Connection -
Certified in Audio Engineering & Music Production

EDUCATION

Pathways Academy of Technology and Design, East Hartford, CT — *High School Diploma Class of 2020*

2017 - Graduating 2020

Pathways Academy of Technology and Design is affiliated with NAF. The school uses project and work based learning to acquire technological and critical thinking skills in programming, database design, digital video production, networking and web design

Recording Connection Audio Institute — *Certificate in Audio Engineering & Music Production*

2020 - 2021

The Recording Connection is a program that offers certification in Audio Engineering & Music Production. This consisted of lessons on the course taken but also experience from on the job training. I've worked in a studio called Factory Underground in Norwalk CT as an assistant Audio Engineer. This program has helped me expand my knowledge in the Audio field and work on several Film Projects and Audio Sessions with many Artists.
